Congratulations, your item sold!

Dear boyc_us2015,

Provide shipping information

You did it! Your item sold. Eager to get your money? The quickest way to get it is to ship the item to the buyer as soon as they pay.

Go to My eBay

Once you get paid, here's what you can do:

[Print a shipping label](#). Skip the post office! Print and pay for your shipping label using eBay. We offer reduced pricing on some shipping services, and when you print your label on eBay, tracking information is automatically uploaded to My eBay where your buyer can also see it. You'll get your money quickly – within 3 days after eBay confirms delivery. Also, what's best is that you can use the money from your sale to pay for your shipping.

OR

[Upload tracking information](#). Not using eBay to print your shipping label? You can manually upload tracking information to My eBay, where your buyer can see it and know the item is on its way. Plus, you'll get your money quickly – within 3 days after eBay confirms delivery.

OR

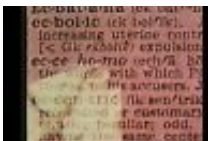

[Mark your item as shipped in My eBay](#). This way, your buyer will know the item is on its way. You'll get your money 7 days after the estimated delivery date.

If you choose not to upload your tracking information or mark the item as shipped in My eBay, you'll get your money 21 days after the buyer pays.

Note: It may take longer to get your money if there's a problem with the transaction.

While you're establishing a successful selling track record, access to funds from buyer payments has been delayed.

You should always [leave feedback](#) for your buyer to encourage them to buy from you again.
